

**A CHALLENGE TO THE PEOPLE OF ENGLAND
ISSUED UNDER THE ANKERWYCKE TREE @ RUNNYMEDE
ON THE NOVEMBER 5TH 2014**

CHALLENGE

Today sees the launch of a very different party the **2015 Constitutionalists UK**. Its intervention in the General Election on May 7th 2015 changes everything.

It is a challenge to the **People of England** to fulfil their responsibilities as citizens, to be ambitious and to truly participate in the general election.

England can change it's economic, social & political conditions for the better & make politicians accountable at last & be good neighbours in our island Britain.

By supporting the Constitutionalists, it is to be hoped that, after the General Election, it will be said that "We, the **People of England**, have spoken".

The ambition is a program of constitutional change and is laid out in the 2015 Constitutionalists' Charter which can be viewed **www.2015constitutionalists.uk**

CONFEDERATION

To fulfil the ambition, people will stand in all 533 constituencies in England as Independent candidates and campaign for the **2015 Constitutionalists' Charter**.

It is important to be mindful of Northern Ireland, Scotland & Wales and so these nations are offered equality in confederation with England in the 2015 Charter.

The new Confederation "**Islands of Britain**" will continue to participate in the Commonwealth, European Union and the UN in pursuit of peaceful co-existence.

COMMITMENT

In any constituency multiple self-selecting & self-funding candidates can stand & citizens will choose who best to represent them in a **Constitutional Parliament**.

There are 51 official cities and many more towns and villages in England and for each such community and, from now on, volunteer **SPEAKERS** are required.

SPEAKERS will recruit & support candidates & most importantly support citizens to understand the ambition through wide spread dialogue in **Café Societies**.

The purpose of this launch is (1) To expand the number of candidates standing for a **2015 Constitutionalist Parliament** (2) to find **SPEAKERS** for communities.

It is very important that you the citizen play your part together with your family & friends. Rise to the challenge, volunteer, recruit candidates, recruit Speakers & sign the Charter. Crowdfunding is used to support **SPEAKERS** and candidates so please donate to
