**Report of meeting** held at School of Economic Science, 11 Mandeville Place, London W1U 3AJ  
See: **Notes of Open Research Group meeting on 30<sup>th</sup> May 2018: [OpenResearchGroup-180530](#)**

**Present:** Ellena, Mary, Paul, John Briggs, Apologies: Ahmet, Ashburn (meeting at House of Lords)  
Bob, Dagem, Henry, Janos, John Mc, Kyle, Liliias, Liz, Maya, Philip, Robin, Sandra, Steve, Trevor.

**Report from HSCB (Hoe Street Central Bank):** Mary Reported that she had added the event programme, from 5<sup>th</sup> to 23<sup>rd</sup> June, to last week's notes and to the Global Table events page. Mary also reported on two meetings she had attended where she was impressed by presentations by Guy Standing on Universal Basic Income – after several decades of promoting this idea, others now seem to be taking notice – she will upload a report to the Global Table website.

We welcomed **John Michael Weston Briggs**, author of “**Alice and the Money Tree**” – the original title was “Alice’s Adventures in Plunderland,” but John discovered online that title had been spoofed by another author, and changed it to the current title. John found us on the internet when he was researching ways of promoting his book. It’s “an illustrated beginners guide to money and its hidden political and economic impact on society, told in Lewis Carrol -style narrative and verse”. Hardback with illustrations based on those of John Tenniel. Author J M Weston Briggs. SBN: 978-1-999845-0-7. Published 2018 by The Money Wonderland - <https://themoneywonderland.com/>. John read us his poem, printed on page 43, called “The Usurers Prayer”. For further enquiries contact: [themoneywonderland@gmail.com](mailto:themoneywonderland@gmail.com)

**John** is interested in the history of the Chartist Movement - <https://www.parliament.uk/about/living-heritage/transformingsociety/electionsvoting/chartists/overview/chartistmovement/> and the fact that this tradition is being continued by the New Chartist movement, also called the British Constitution Group: <https://www.britishconstitutiongroup.com/> - which has coalesced around the 2016 Winchester Declaration to restore the rule of law to the British People. They want to preserve Magna Carta and common law, based on the work of King Alfred, who discovered what the practice of the population is and made it the common law.

Other sources that John recommended were Rich Planet TV – exposing media lies – led by Richard D Hall – <http://richplanet.net> • UK Column: <https://www.ukcolumn.org/> • <http://tapnewswire.com/> • and also about 9/11: <https://www.amazon.co.uk/Towers-Evidence-Directed-Free-energy-Technology/dp/0615412564>

In further discussion John recommended the classic conspiracy book “Silent Weapons for Quiet Wars – <https://www.lawfulpath.com/ref/sw4qw/index.shtml> and also: “Behold a Pale Horse” by Bill Cooper, <http://www.syti.net/GB/SilentWeaponsGB.html>. He was a former United States Naval Intelligence Briefing Team member, and reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s....[Google Books](#) - NB order £20 version, the cheapest one didn't arrive - worked for the CIA liked regalia of secret society was in the military glorious record of military career, when Kennedy got shot, he realised that the CIA organised it, he left and went around America lecturing, survived several attempts on his life but was eventually shot in 2001: <http://www.hourofthetime.com/william.htm>.

We went on to discuss another well-known text, “Protocols of the Elders of Zion” claimed by some to be written by [Matvei Golovinski](#) (1903) which tells the tale of a secret plot in which a shadowy and powerful cabal of Jewish leaders and Freemasons sets out to dominate the world. The text purports to be the minutes of secret meetings held in Switzerland at the time of the First Zionist Congress in 1897. The book outlines the group's endeavors to conquer the globe by manipulating the media and the global economy, promoting religious conflicts, and supporting socialism. Originally written in Russian, John believes it was a genuine discovery. Many references are available online including the actual text: [https://en.wikipedia.org/wiki/The\\_Protocols\\_of\\_the\\_Elders\\_of\\_Zion](https://en.wikipedia.org/wiki/The_Protocols_of_the_Elders_of_Zion) - <http://xroads.virginia.edu/~ma01/Kidd/thesis/pdf/protocols.pdf>

Brexit, which was a case of people voting for their own preference rather than what the powers-that-be recommended. Much of history has been suppressed, eg Joe Stalin killed 60m people. John talked about the Congo Nationalist, Patrice Lumumba, who ruled the country for the people's benefit, his government was brought down by a CIA intervention, bad governments led to various genocides, now ruled by chaos by outside intervention: <https://www.theguardian.com/global-development/poverty-matters/2011/jan/17/patrice-lumumba-50th-anniversary-assassination>. The recent example of the spoof killing of Ukrainian journalist Arkady Babchenko, see Guardian article by Sophie Pinkham: <https://www.theguardian.com/commentisfree/2018/may/31/arkady-babchenko-murder-fake-russia-ukraine> - demonstrating that “false flags” are not always imagined.

On a positive note, **Paul** shared useful contacts, eg Fareshares Food Co-op, 56a Crampton Street, SE17 3AE, ten minutes from Elephant & Castle tube: <https://fareshares.org.uk/> and Housman's book shop, where they also run meetings: <http://www.housmans.com/> 5 Caledonian Rd, London N1 9DY. We discussed other books, eg “World Without Cancer” by G. Edward Griffin, which explains dietary remedies for cancer, eg apricot kernels, [https://archive.org/details/World\\_Without\\_Cancer](https://archive.org/details/World_Without_Cancer) and Martin Walker's “Dirty Medicine, which exposes the power of the pharmaceutical industry. Mary was selling it on her Pathways stall at Mind Body Spirit Exhibitions, when bookshops had been warned not to stock it: <https://trans4mind.com/counterpoint/index-health-fitness/walker3.shtml> – a follow-up edition was published 20 years later: <http://www.slingshotpublications.com/martin-j-walker>

Paul, who is a trained healer and psychotherapist, talked about other healing foods, eg unpasteurised sauerkraut, and fermented foods which herbal practitioners recommend to clients relevant to their particular cancer. He also told the story of an early 1800s traveling pedlar, who called cancers “wild warts”, and if someone showed him one, he would sell them a draft of his secret remedy which cured them. He never revealed the recipe, he eventually approached a doctor told them the remedy so that it could be made more generally available, and he was put in prison. He was so traumatised that he took the secret to his grave. Paul went on to explain that much of cancer is caused by poor nutrition, toxins, bad gut flora, excessive contact with hydrocarbons, eg hand-creams based on mineral oils. The best ones to use are based on vegetable oils, eg grape seed or olive oil. However, the most problematic cause is a toxic emotional environment .

**Fri 15<sup>th</sup> June 2018: launch of the New Lucas Plan campaign:** Ellena has had a message from Dave King: “If you have seen preliminary versions of Steve Sprung's film THE PLAN, on the story of the Lucas Plan, you'll know how inspiring it is and what a great contribution it makes to our movement. Steve is now about to launch a crowdfunding application for the final technical stages of completing the film. The New Lucas Plan working group will be supporting the campaign and Steve has had endorsements from Ken Loach and other significant figures. The New Lucas Plan group would be very grateful for any support you could give it, either by making a pledge yourself or forwarding the publicity to your network.
