**TO DEAL WITH THE BIG SOCIAL, ECONOMIC AND ENVIRONMENTAL CHALLENGES WE'RE FACING TODAY, WE NEED TO TRANSFORM OUR MONEY AND BANKING SYSTEM. POSITIVE MONEY'S VISION IS FOR A MONEY AND BANKING SYSTEM THAT SERVES A FAIR, DEMOCRATIC, AND SUSTAINABLE ECONOMY.**

Poverty is not an accident. Like slavery and apartheid, it is man-made and can be removed by the actions of human beings.

- Nelson Mandela

## Why bank lending is a root cause of poverty and what we can do to end it.

Because almost all of our money is 'on loan' from banks, someone has to pay interest on nearly every pound in the UK. This interest redistributes money from the bottom 90% of the population to the very top 10%. Meanwhile, inflated house prices and financial instability all lead to a growing gap between the poor and the rich.

Come along to watch some challenging videos and discuss how this profoundly affects you when your rent is sky high and mortgages are out of reach. We can change this deeply flawed system for the benefit of all of us, not just the few.
